

CACHET HOME COMFORT PROGRAM

With families spending more time at home, Cachet Homes has taken the lead in creating features that make your new home work for you. It all begins with a flexible home design that allows you to add a home office or studio space so that you have the room you need.

Smart thermostat that you can program to adapt to the changing temperatures.

Video doorbell that allows you to see visitors from wherever you are using a phone app.

Smart garage door so deliveries can be placed inside with the help of a mobile app.

Every aspect of Cachet's Home Comfort Package has been perfected to make your life easier. This is the Cachet Home Comfort and convenience you deserve.
